Product Description

Adjustable Height Mobile TV Cart with Cable Management 2 Shelves VESA Compatible Caster Wheels - 100 Lbs Capacity

Product Description:

The Mobile TV Cart is a versatile and durable solution for presenting audio-visual content in a variety of settings. Designed with robustness in mind, this cart is constructed from high-quality steel, ensuring stability and longevity. The steel frame provides a sturdy foundation that can easily support the weight of most modern televisions, making it an ideal choice for commercial presentations, educational environments, conference rooms, or even for home entertainment purposes.

One of the standout features of this Mobile TV Cart is its Vesa Compatibility. The mounting brackets are designed to accommodate a range of VESA patterns, including 200x200mm, 400x200mm, 300x300mm, 400x400mm, and 600x400mm. This wide range of compatibility ensures that most televisions, from small screens to larger displays, can be securely attached to the cart without any hassle. Whether you're looking to mount an LED, LCD, or Plasma screen, the adjustable VESA mounting arms provide a secure fit for your device.

With an adjustable height feature, the Mobile TV Cart offers flexibility and convenience. You can easily adjust the height of the TV to suit your viewing needs, making it a perfect match for different audience sizes or room layouts. This adjustability also makes it an excellent choice for interactive displays or video conferencing, where the height of the screen can play a crucial role in the quality of communication.

Assembly of this Moveable TV Mount is straightforward, with all necessary hardware included and a detailed instruction manual to guide you through the process. While assembly is required, the intuitive design ensures that setting up the cart is manageable for most users. Once assembled, the cart offers a secure platform for your television, with the steel construction providing peace of mind that your equipment is safe.

The Mobile TV Cart is also equipped with high-quality caster wheels, which allow for smooth and effortless movement across a variety of floor surfaces. These wheels provide the mobility necessary to move your television setup from one location to another with ease.

Whether you're shifting the cart across a flat surface in a boardroom or navigating through the carpeted floors of a classroom, the caster wheels make the process simple and strain-free. Additionally, the wheels come with locking mechanisms that ensure the cart remains stationary when in use, eliminating any risk of accidental movement that could disrupt your viewing experience.

For professionals, educators, or home entertainment enthusiasts looking for a reliable and functional Moveable TV Mount, this Mobile TV Cart is a superb choice. Its steel construction, broad VESA compatibility, adjustable height, and mobility with caster wheels make it a versatile piece of equipment that can cater to a wide array of TV mounting needs. Whether you're conducting a training session, hosting a conference, or enjoying a movie night with friends and family, this cart will provide the support and functionality required for a seamless viewing experience.

In summary, the Mobile TV Cart offers the perfect blend of durability, flexibility, and mobility. Its steel build ensures a solid and secure mount for your television, while the variety of VESA patterns accommodates most TVs on the market. The adjustable height and smooth-rolling caster wheels contribute to a customizable and user-friendly experience, making this cart an essential tool for anyone in need of a Moveable TV Mount solution.

Applications:

The Enjoy or Yours X series Mobile TV Cart is an exceptional product designed to offer versatile and convenient solutions for displaying television screens in various settings. Originating from Danyang, China, this TV stand with casters is backed by international certifications such as CE, RoHS, and FCC, ensuring its compliance with global safety and quality standards.

With a minimum order quantity of just 1PCS and a competitive price range of 36-98 USD per piece, the X series Mobile TV Cart is accessible for a wide array of customers, from individual consumers to large organizations. Each cart is carefully packaged in a carton to guarantee safe delivery, which can be expected within a timeframe of 3-20 days. Payment for the Mobile TV Cart can be conveniently made through various terms such as T/T, L/C, or PAYPAL, catering to the preferences of different buyers.

The Mobile TV Cart boasts a robust construction with dimensions of 32.5 X 28 X 48 inches and a maximum load capacity of 100 lbs, ensuring that it can comfortably support a wide range of TV sizes and weights. The elegant black color of the cart makes it a suitable match for any decor, and the included cable management system keeps wires neatly organized, contributing to a tidy and professional look.

Specifically designed to enhance mobility, the X series Mobile TV Cart features locking wheels, allowing for secure positioning once the desired location is reached. This moveable TV mount is ideal for various application occasions and scenarios, including conference rooms, classrooms, hospitals, trade shows, and even at home. Its ease of movement and stability make it the perfect cart for TV display in dynamic environments where the screen needs to be shared between multiple rooms or audiences.

The supply ability of 1000000pcs/month ensures that bulk orders can be accommodated with ease, making the Enjoy or Yours X series Mobile TV Cart a reliable choice for businesses and institutions looking to equip multiple spaces with high-quality, portable display solutions. Regardless of the occasion, this TV cart provides a blend of functionality, sophistication, and ease of use that is sure to meet the demands of any setting requiring a mobile TV display solution.

Support and Services:

Our Mobile TV Cart is designed to provide a versatile and mobile solution for your audiovisual needs. To ensure the best experience with your product, we offer comprehensive technical support and services. Our support team is dedicated to helping you with any issues or questions you might have about the setup, operation, or troubleshooting of your Mobile TV Cart.

If you encounter any difficulties or require assistance, our product support includes detailed user manuals, easy-to-follow assembly instructions, and helpful online resources such as FAQs and troubleshooting guides. These resources are created to provide you with immediate solutions and to guide you through common scenarios that you may face with your Mobile TV Cart.

In the event that you need more personalized support, our team is available to provide guidance through step-by-step instructions, ensuring that your Mobile TV Cart is functioning optimally. We are committed to offering support for any warranty claims or replacement parts that might be necessary during the lifetime of your product.

We continuously strive to improve our products and services. Therefore, we welcome your feedback and suggestions. Please do not hesitate to reach out to us with any feedback or if you require further assistance with your Mobile TV Cart. We are here to ensure that your experience with our product is nothing short of excellent.

Packing and Shipping:

The Mobile TV Cart is meticulously packaged to ensure its safe arrival at your doorstep. Each component is securely wrapped in protective material and cushioned with foam to prevent movement and scratches during transport. The sturdy box is specifically designed to withstand the rigors of shipping, safeguarding the cart's high-quality metal frame and wheels. Clear labeling on the package indicates the proper handling instructions to minimize any risk of damage. Upon receiving your Mobile TV Cart, you will find all necessary assembly instructions and hardware included, so you can easily set it up and enjoy your mobile viewing experience.
