Packing and Shipping:

The Mobile TV Cart is expertly packaged to ensure the safety and integrity of the product during transit. We use high-quality, durable materials to cushion and protect the components against impact, vibration, and compression. The cart is carefully encased in a sturdy, corrugated box, with each piece individually wrapped and securely fastened to prevent movement within the package.

Each package includes a clear and detailed instruction manual for easy assembly upon arrival. The hardware is sorted and labeled in separate, clearly marked bags to streamline the installation process. We include all necessary tools and accessories to guarantee a seamless setup experience for our customers.
