The Mobile TV Cart is designed to provide a versatile and mobile solution for displaying television screens and monitors for a variety of settings, including conference rooms, classrooms, and trade shows. Our product is built to support a wide range of screen sizes and weights, ensuring a secure and stable platform for your display needs.

Our product features include adjustable height settings, locking wheels for stability, and a built-in cable management system to keep your setup clean and organized. The sturdy construction materials guarantee durability and reliability, while the sleek design ensures that the cart is both functional and aesthetically pleasing.

For technical support and services regarding the Mobile TV Cart, we offer comprehensive assistance to ensure your product is functioning correctly and to your satisfaction. This includes troubleshooting common issues, providing guidance on assembly and adjustment of the cart, and offering maintenance tips to prolong the lifespan of your product. Additionally, we provide resources such as user manuals, assembly instructions, and FAQs on our website to help address your needs.

If you encounter any issues or have questions that are not covered by our online resources, our dedicated technical support team is available to assist you. We are committed to providing a high level of customer service and support to ensure that you have a positive experience with our Mobile TV Cart.

Please note that our services do not include on-site assistance or installation. However, our support team is equipped to offer detailed guidance remotely to help you resolve any concerns you may have. Rest assured that we stand behind our product and are here to support you every step of the way.

### **Packing and Shipping:**

The Mobile TV Cart is carefully packaged to ensure it arrives at your location in perfect condition. The product is encased in high-density foam that conforms to its shape for maximum protection. The outer box is constructed from heavy-duty corrugated cardboard, designed to withstand the rigors of transit.

Inside the package, you will find all the components of the Mobile TV Cart, including the base, the vertical column, the TV mounting brackets, and all necessary hardware for assembly. A step-by-step instruction manual is also included to guide you through the setup process.

For shipping, the Mobile TV Cart is sent via a reliable courier service to provide timely and secure delivery. Tracking information will be provided upon dispatch so you can monitor the shipment's progress until it reaches your doorstep. Please inspect the package upon arrival for any signs of damage incurred during transit and contact customer service immediately should any issues arise.

### FAQ:

Q: Are you factory or trading company?

A: We have developed own factory and Imp. & Exp. company to perfect our service.

Q: Do you offer OEM&ODM service?

A: Yes, OEM&ODM service are warmly welcome when your quantity is large, we have our own R&D dept. which can help for the project.

Q: Do you provide samples? Is it free?

A: We provide the samples, but please pay the sample cost and express fee.

Q: Do you accept small order?

A: Yes, small order is available.

Q: What is the term of payment?

A: Online trade assurance orders first. We also accept T/T, L/C at sight and other payment terms.

Q: How do you ensure the quality control.

A: We'll inspect every process when mass production, and test the sample before packing.

Q: What should I do if we receive the bad products.

A: We'll inspect the products one by one before packing.

Pls send the photos of bad products to us, we'll re-contact for you once we confirm the bad quality is caused by us.
